Permit No. QC 1344

**PERMIT FOR THE SHIPMENT OF TOMATOES
FROM FLORIDA TO CALIFORNIA**

Under authority of Title 3, California Code of Regulations (CCR), Section 3154 (Secretary May Issue Special Permits), permission is granted to:

Sharen Chaffin
Seminis Vegetable Seeds / Bayer
37437 State Highway 16
Woodland, CA 95695

to ship into California tomatoes grown in Florida, which would otherwise be prohibited by Section 3252, Caribbean Fruit Fly, CCR, under the following conditions:

1. All shipments will be supplied by Seminis Vegetable Seeds / Bayer Crop Science located at:

Seminis Vegetable Seeds / Bayer Research & Development Services LLC
9566 State Rd 29 S
Labelle FL 33930

2. Unblemished tomato fruit will be treated with a chlorine solution wash prior to packing and shipment from Florida.
3. All plant material will be maintained within a contained facility for the entire study and autoclaved for final disposal.
4. A copy of this permit must accompany all shipments.

Violation of, or inability to meet, any of the conditions of this permit or the detection of any live serious plant pest in a shipment authorized under this permit, shall be sufficient cause for the immediate revocation of the permit and destruction of the plant material or return of the plant material to origin at the expense of the shipper.

Unless earlier revoked, this permit is valid through February 28, 2022.
